ABOUT US

Gandikota Management Academy
(Formerly known as Gandikota Business School)

Established in the year 2002, Gandikota Management Academy is the first and only #1 Management Academy in the states of Telangana and Andhra Pradesh.

> ***"So far weak students have proved to be on-par with students passed in the mainstream examination."***

About the Institution

The prime motto for establishing this institution is driven by a social cause. Nearly 20 lakh students appear for the Intermediate examination every year. Approximately 20% of students fail, and many of them face social stigma, extreme stress, and mental and physical disturbance. There is also the possibility of them becoming antisocial elements and a burden to their parents and society.

To help such unsuccessful / dropout / failed students regain social respect, a bright opportunity awaits them. Our Chairman Sri. Gandikota Sreekanth, M.Tech (IT), LLB, Ph.D., introduced a success mantra to support this student community.

Courses & Training

The academy imparts training in specialized fields of management and conducts integrated degree programs such as:

- **BBA**
- **B.Com (General)**
- **B.Com (Computer Applications)**
- **BHM (Hotel Management)**
- **B.Sc (All Subjects)**

These three-year programs prepare students to build careers in:

- **Marketing**
- **Finance**
- **HR Consultancy**
- **Public Relations**
- **Skill Development**
- **Economic Research**
- **Administrative Positions in the Management Sector**

Institution Profile

GMA is established under the Gandikota Educational Society (Regd.), providing guidance for higher education opportunities. The academy caters to students of varying interests, abilities, backgrounds, and expectations, ensuring they can realize their dream projects and face challenges confidently.

This is a pure private management academy, and GMA does not have affiliation with any Indian university. It functions similarly to a coaching institute and management academy.

Students who fail Intermediate examinations appear for an entrance test, and those who pass gain eligibility for examinations conducted by reputed universities of Telangana and Andhra Pradesh. Degree certificates awarded are on par with regular degree courses, making students eligible for:

- **State & Central Government jobs**

- **Public Sector roles**
- **UPSC and other competitive examinations**

Students can also clear Intermediate backlogs while pursuing their degree.

Student Reach & Achievements

GMA has become globally visible, with students joining from neighboring states such as:

- **Andhra Pradesh**
- **Karnataka**
- **Kerala**
- **Maharashtra**
- **Other states across India**

So far, 32,000+ students have benefited:

- **Proven to be successful entrepreneurs**
- **Working in corporate companies & MNCs (domestic and overseas)**
- **Employed in Central/State Government & autonomous bodies**
- **Graduated from reputed universities in India and abroad**

CHAIRMAN'S DESK

"It has been 17 years since the inception of Gandikota Management Academy (Formerly known as Gandikota Business School), yet I still get elated in the same way every time I think of my students' career where talent continued to be a key driver of their India growth story.

Digital transformation of businesses and the emerging opportunities that arose was one of the primary areas of Gandikota Management Academy graduates who were hired for this year. The bright future ahead is humbling at the same time when I look at students for their future in business management. Digital transformation continues to be a strong driver of demand.

Our specialized integrated custom-designed digitalized "Next Zen Academic programs" with strong fundamental knowledge take part in projects from industry exposure to market, will

offer insights and thoughts on how best to build digital career in an enterprise, supported by examples and case studies.

The program aims to empower and enable students to take-up responsible positions in Industries/Business firms and any other sectors. Students also gain hands-on experience through their exposure to the Business lab and improve their communication skills as they are introduced to the language lab.

With career opportunities in most of the major industries that have a large number of positions for Commerce and Management graduates include: Automobile Industry, Banking & Insurance Industry, FMCG Industry, Hospitality Industry, Media Industry, Retail Industry, Telecom Industry etc.

Major IT companies like Deloitte, IBM, Amazon, WIPRO, Convergys and so on are constantly in need of Commerce and Management graduates for their accounting processes. Commerce and Management graduates also find job opportunities in various Government Departments such as Railways and Defence (Army, Navy and Air Force).

Our newly established dedicated "Digital Academia" and "Placement Officer" services with integrated Job-Ready Transformation skills development IT and Finance aims at grooming budding business professionals into true management leaders by imparting quality education, training them to challenge the conventional and think innovatively.

The dedication of each member who has had a hand in shaping this college student destiny is truly remarkable and a source of inspiration for all of us."

Program Overview

Houston, the most populous city in Texas and the fourth largest city in the USA, is also a global hub for many companies and businesses operating across industries such as energy, space science, and health care services. This environment strengthens economic, social, political, and cultural development.

The Business Administration bachelor degree program at North American University, guided by the mission of the College, integrates values such as integrity, sound judgment, and civic-mindedness throughout the program of study.

The 4-year Business Administration Bachelor Degree program provides students with a high-quality education and prepares them to become proficient and responsible managers. Graduates gain knowledge of the legal framework of the business world, technological advancements, and are well prepared for a dynamic global business environment.

PROGRAM HIGHLIGHTS

Professional Mentoring:

As part of the curriculum, students are monitored and mentored continuously.

Inculcation of good practices, ethics values, moral motivation and personal grooming are the objectives of mentor with this initiative, coupled with deliverable as mentioned in the previous sections, this institution believes that global leaders could be created here.

****Workshop | Seminars | Guest Lectures**

Industry Interface**

Each semester there will be regular interface with industry facilitators and experts in the areas of finance, marketing, human resources, general management, entrepreneurship, software, bio sciences etc. Latest trends including crisis management, live cases are a part of the program. The program also includes management games and knowledge games.

Career Counseling

The career counseling service provides unbiased information advice and guidance to help students understand themselves and the employment market. They are supported to plan and prepare for their future by developing suitable career related skills and knowledge.

Inspired Teaching and Learning

The faculty is distinguished by its dedication, enthusiasm and commitment. The faculty is composed of talented people, many with advanced degrees possess a deep knowledge of the subjects.

Projects & Assignments

Projects & Assignments are an integral part of the Student Assessment. The focus is on promoting original work from the students with the least possible scope for plagiarism. The key objective is to inculcate the habit of fact-finding and research in students.

Presentation & Public Speaking

This is one of the crucial skills one must learn to sell oneself in the industry. However good you are in your exploring and research skills, unless you master the art of presenting effectively, you won't get job-ready.

SKILL DEVELOPMENT INITIATIVE @ GMA

By 2022, India will be at the cusp of understanding its statistical profit—a noteworthy preferred standpoint over other maturing economies like the UK, US, Germany, and China. This statistical profit would keep growing for the following 25 years and deliver rewards by having the world's biggest youthful populace. India would need to give industry-important aptitudes to its children.

A greater part of youth go to class in the initial five to six years of working age. A substantial number who don't go to class either work (in casual/customary exercises) or hunt for employment.

Giving applicable abilities to youth will essentially add to India's financial advancement. The nation today is looked at with a double test: lack of a prepared workforce and non-employability of huge segments of ordinarily taught youth who have practically zero occupation aptitudes.

The Ministry of Skill Development and Entrepreneurship (previously known as the Department of Skill Development and Entrepreneurship) was set up in November 2014 to drive the Skill India motivation and make a proper biological system to encourage conferring employable abilities to the workforce. Aside from taking care of its own demand, India can likewise give talented workforce to fill the normal deficit in the maturing created world.

Gandikota Management Academy (GMA)

Established Dedicated

"Digital Academia" and "Placement Officer"

Services with integrated Job-Ready Transformation Skill Development in:

- **IT Enabled Finance**
- **Civil Services (Group I/II)**

GANDIKOTA FOUNDATION

> ***"You must not lose faith in humanity. Humanity is an ocean. If a few drops of the ocean are dirty, the ocean does not become dirty."***

Founder – Sreekanth Gandikota

The Foundation is a registered charity and receives donations for college students from a wide variety of sources including associations, corporations, foundations, and individuals.

Gandikota Foundation Students Road Safety Program

The program for Gandikota Management Academy students helps every student in issuing the "Donation Certificate" once they join our college.
It helps every college student who is studying in GMA in getting safe medical coverage of up to INR 50,000 during his college tenure.

The main motto is that every parent needs their children's safety. Teenagers/youth students during their daily travel to college need to be safer. Unfortunate road mishaps lead to financial depressions and tensions in the student's life and their parents.
Gandikota Foundation donates to improve road safety and emergency medical care for every college student of GMA.

Gandikota Foundation Free Digital Training Scholarship Program

To enable Indian youth to take up industry-relevant skill training that will help them in securing a better livelihood.
This program is currently operable in Hyderabad – Ameerpet and Visakhapatnam.
